

The Oxford Master's in Mathematical Sciences provides outstanding training for aspiring mathematical scientists.

## Oxford Master's in Mathematical Sciences (OMMS)

# The next step in your mathematical life.

This new programme offers students from across the globe courses covering the full spectrum of our world-renowned research. Students will have the flexibility to choose their own pathway from a wide range of options.

OMMS will nurture and inspire the mathematicians and statisticians of tomorrow.

A new masters programme

Based in a research environment ranked first in the UK for mathematical sciences

Spanning fundamental themes and interdisciplinary applications

Located in state-of-the-art facilities in central Oxford

Mathematical  
Institute

DEPARTMENT OF  
**STATISTICS**
